

# Rain Heavily Damages Calif. Crops

By BILL STALL  
SACRAMENTO, Calif. (AP) — Nearly a solid month of saturating rain and killing frost will cause millions of dollars in losses for California's agricultural industry — at \$4 billion a year the nation's largest — according to experts.

The first day of May brought warmer, drier weather. But the eastern California Sierra Nevada held the threat of potential disaster — unusually deep spring mountain snowbanks, some 20 feet thick.

Sudden hot weather could make torrents of the streams which cut through the San Joaquin Valley, including Fresno County — the nation's No. 1 farm-producing county.

California's rain, setting April records in many areas, washed out many young crops and delayed planting of others by as much as a month.

It is impossible now to estimate the damage, says Richard E. Lyng, deputy agriculture director. But he agreed with other experts that it would be in the millions of dollars and said that "the state as a whole is badly hurt."

## From Hunting Cry

Soho, a district in the city of London noted for Piccadilly Circus and other colorful quarters, gets its name from "so ho," an old English hunting cry.

## Alzheimer

### Told to Take 3 Students

ST. LOUIS (AP) — The Alzheimer School Board was ordered Monday by the U.S. Eighth Circuit Court of Appeals at St. Louis to accept the three grandchildren of Joseph Spriggs of Alzheimer for the remainder of the school year.

The children, Linda Ann Johnson, 17, Donnie Ray Johnson, 8, and Wanda Kay Johnson, 7, were barred from their classes April 26 after their mother, Mrs. Clevean Johnson of Wabbaseka, refused to pay their tuition.

The appellate court directed Spriggs to post a \$600 bond with the federal District Court clerk at Little Rock in case it later rules against him in a lawsuit concerning the tuition.

Spriggs contends the children live with him and should not have to pay the \$20-a-month tuition the school board charges for children who live outside its district.

# Congress Again Delays Rail Strike

By NEIL GILBRIDE

WASHINGTON (AP) — Congress, after again delaying a threatened nationwide rail strike, waited today for President Johnson to recommend legislation to settle the wage dispute once and for all.

While Johnson gave no advance hint of his plan, the railroads argued against government seizure of the industry and a union spokesman warned against a "police state" compulsory settlement.

Several members of Congress

have said they voted for Monday's 47-day strike delay only because Johnson promised to propose a bill to settle permanently the drawn-out dispute. The delay was approved 72 to 2 in the Senate and 301 to 56 in the House.

The White House has made it clear Johnson's proposal will deal only with this dispute, not the general question of major nationwide strikes.

An earlier congressional measure delaying the strike deadline for 20 days would have expired at 12:01 a.m. Wednesday.

Six shop unions had set that time for their threatened strike against 90 per cent of the nation's major railroads.

"What gets more attention in Congress—the profits of the

great corporations or the rights of American working men?" asked union spokesman Michael Fox.

Fox, president of the AFL-CIO Railway Employees Department, said the railroads want Congress to impose compulsory arbitration to settle the dispute. "What that means is throwing into prison any railroad worker who dares to strike. That is a police state system," Fox said.

There was no immediate indication of new negotiations between the railroads and the six unions.

The unions, representing 137,000 railroad shop workers, are demanding a two-year agreement with a 6 per cent general wage hike plus 12.5 cents an hour for skilled men the first year and a 5 per cent pay raise

and 12.5 more cents for skilled workers the second year.

The railroads offered a 6 per cent general wage hike plus a 5-cent per hour skill increase for an 18-month agreement before talks broke off a week ago.

Wages for those involved now average about \$2.90 per hour.

"We shall abide by the law," Fox said after Monday's congressional delaying action.

But he added, "Up to now the railroads have not wanted to settle this dispute. That's why they broke off negotiations with us last Tuesday."

## Costly Animal Diseases

About \$2 billion annually is estimated to be the cost of the losses from animal diseases in the United States. Cattle and poultry disease account for about 25 per cent of the total.

JFK STAMP will be issued May 29 in Boston on the late President John F. Kennedy's 50th birthday anniversary. The portrait for the 13-cent stamp is by Jacques Lowe. The vertical stamp will be printed in brown.

CAN IT BE? Have hemlines finally gone full circle and are now going to resume covering knees and below? A Parisian creation points in that direction, although the designer described it as more of a choice for milady than an attempt to set a new trend.

## This is the finest sedan made in America

This is the Continental sedan. It is the only sedan we make.

Some other makers of luxury cars offer a half dozen four door models. And we admit it is a neat trick juggling features from one car to the next, and thinking up a half dozen fancy names.

But we are not prone to neat

tricks or fancy names. That is not the Continental way.

We take all the good things we can put in a sedan, and we put them all in one sedan.

We call it the Continental sedan. Many call it the finest sedan made in America.

The Odom Quartet will present a Concert of Gospel Favorites, Thursday May 4 at 7:30 p.m. at the High School Auditorium in Emmet. This will be a Benefit program for the Senior Class.

### FRIDAY, MAY 5

The WOC, of the First Presbyterian Church, have invited other Church women in the city to join in observance of May Fellowship Day. A short devotional service in the Sanctuary will be followed by a coffee in Fellowship Hall. The Presbyterian women will be hostesses and all Church Women of Hope are urged to attend.

On Friday, May 5 the Women of the First Presbyterian Church will be hostesses for a morning coffee at 10 a.m. in the Fellowship Hall of the First Presbyterian Church. All church women of the various denominations in Hope are cordially invited. There will be a Share Program pertaining to "People, Poverty, Plenty-How Can All Share?" followed by a social hour.

### TUESDAY, MAY 9

The Hempstead County Republican Women will meet at 7:30 p.m. Tuesday, May 9 in the Citizens Bank Recreation Room. Please note the change in time.

### Notice

WMA of the Southside Missionary Baptist Church is having a Mothers Day Bake sale and will take orders from April 24 through May 6. . . . contact Mrs. Chris Aaron at 7-3859 or Mrs. Lorraine Atkins at 7-2532 or Mrs. Polly Watkins at 7-5083. . . . Call early to be sure orders can be filled.

### MUSIC CLUB HOLDS CONVENTION

The state convention of the Arkansas Federation of Music Clubs was held in Arkadelphia April 28 and 29. The Friday Music Club of Hope was hostess for the luncheon on Saturday, April 29 at the Holiday Inn. Junior Music Clubs were honored and "May Baskets" was the theme.

A large white wicker basket filled with pink and red roses, leather leaf fern, and English dogwood graced the head table. Small baskets filled with similar arrangements were on the other tables. Nut cups were miniature May baskets, and favors at each place represented various Hope enterprises.

Winners of the Young Artists competition performed, as did students of the Henderson Fine Arts Department. Those attending from Hope were: Mrs. B. C.

LINDA KAY REECE

Linda Kay Reece, delegate to the National 4-H Club Conference, which was held in Washington, D. C., last week, will be the guest speaker at the Hempstead County Farm Bureau Board of Directors meeting on Thursday night, May 4. The meeting will be held at the Farm Bureau office, beginning at 8:00 p.m., according to Lester Kent, President.

An educational film will also be shown during the meeting. Mr. Kent urges all Farm Bureau members and other interested persons to attend.

Hyatt, Mrs. B. W. Edwards, Mrs. Talbot Feld, Jr., Mrs. Guy Downing, Mrs. Harry McLemore, Mrs. M. B. Hatch, and Mrs. Sam W. Strong, Jr.

### BRIDGE CLUB MEETS

Mrs. H. C. Whitworth entertained her Friday Bridge Club on April 28, and she had pretty arrangements of roses at vantage points in her home. When the two tables of club members had tallied their scores, Mrs. C. P. Tolleson and Mrs. Charles Harrell were high.

For refreshments a salad plate and coffee were served.

### Coming, Going

Mrs. E. F. Formby is home for a week before returning to Pine Bluff for additional medical care.

Mr. and Mrs. Charles Ellis and Mr. and Mrs. James Ellis and family visited Mr. and Mrs. Lindol Ellis and family in Homer, La., on Sunday.

Mr. and Mrs. Bill Rogers and son, Stevie, left Monday for Kileen, Texas to visit Mr. and Mrs. Joseph Doran and Mrs. Bill Metz.

### Eye Shadow Adds Depth

Eye shadow adds depth and luster to your eyes. But at all costs avoid a too-bright, clownish look. For daytime, try the soft, hazy shades, such as brown, gray, amber, pale blue and turquoise. White shadow used under colored shadow gives a clear tone. Used over shadow, white gives a pearly translucence. For after-dark eyes, brighter hues are effective, as well as the frosted shades. And if you use cream or stick shadow, set the color with a faint dusting of powder.

HOPE (ARK) STAR, Printed by Offset

## Elvis Weds Longtime Girl Friend

PALM SPRINGS, Calif. (AP) — Elvis Presley, who waited to marry until he was 32 and a millionaire, was honeymooning today with his 21-year-old bride. The actor-singer and Priscilla Beaulieu, his longtime girl friend, slipped off to Las Vegas, Nev., to marry Monday.

"Well, I guess it was about time," Presley joked later. "With the life I had, I decided it would be best to wait. You know, all of the shows and record engagements."

After parlaying a guitar and a hip-swinging rock 'n' roll style into a fabulous motion picture and record career, Presley met Miss Beaulieu in Germany when he was a drafted soldier in 1959. She is the daughter of Army Lt. Col. and Mrs. Joseph Beaulieu, formerly of Memphis, Tenn., Presley's home town.

Supreme Court Justice David Zenoff of Nevada performed the wedding ceremony before 14 guests in a Las Vegas hotel suite. Later, the newlyweds held a champagne breakfast for 100 guests.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us! this newspaper.

### HOPE FOR THE GOOD GUY

Dear Helen: Is there any hope for a guy who thinks "parking" is wrong?

I dated this girl for almost a year. We're both in college. At the start, she told me she thought heavy necking and petting were immoral, and so I ignored her in this respect. Knowing all the emphasis placed on sex these days, I was glad she felt this way, and satisfied myself with a casual goodnight kiss at the door. Now she tells me we should date others because we're like brother and sister. Can a guy ever win with women?—NUTS TO BROTHERHOOD

Dear Nuts: . . . Only by say-

ing "Nuts to Brotherhood"—to her, not me. You shouldn't have taken her quite so literally, chum. —H.

Dear Helen: I tell you, they don't make brothers like they used to. Mine is 13. He wants to be just like his stupid friends who buy all the "mod" clothes. They're really way-out. He earns his own money by shoveling snow and gardening and so he thinks because it's his, he should buy the clothes he pleases. He tells lies sometimes, too.

When my dad gets tough, my mother feels sorry for him. Should I side with my father and tell him that these wild styles make him look ridiculous—CAMPAIGNER FOR GOOD BROTHERS

Dear Campaigner: I'm sure you already have, unless you're a lot more tactful than the average sister.

But don't go overboard on taking sides—you'll make your brother more stubborn and discipline harder.

Besides, a 13-year-old boy who

earns all his own clothes money CAN'T be all bad. . . and the way-out "mod" fad for boys has just about had it anyway.—H.

signed "A secret admirer," as a means of starting friendship.—A NUT AT A NON-COED SCHOOL

Dear Not: The "secret admirer" route is kid stuff. If you can't strike up a conversation with this girl at church, then the least you can do is write her a SIGNED letter telling her you'd like to.—H.

## Athletic Groups Still Feuding

NEW YORK (AP) — A confrontation between representatives of the feuding NCAA and AAU has failed to break the long-standing stalemate over direction of amateur athletics in the United States.

An arbitration board, headed by mediator Theodore W. Kheel, reported Monday that no conclusions had been reached in the lengthy power struggle after day-long hearings with officials of both groups.

Kheel said further meetings would be held tonight between the AAU, which currently has sanctioning power over most amateur events in the country, and the NCAA, which represents most of the nation's colleges and has insisted on control over the same events.

Rev. Wilford H. Crowley, president of the U.S. Track and Field Federation, demanded at Monday's session that the AAU be directed to submit for world consideration the 1,44.9 half-mile mark set by Kansas' Jim Ryun last June in a Terre Haute, Ind., meet that was not sanctioned by the AAU.

Representing the NCAA at the mid-town hotel meeting were President Marcus Plante of the University of Michigan and Executive Director Walter Byers of Kansas City.

AAU President David Matlin of Los Angeles and Executive Director Col. Don Hull of New York also attended the meeting.

## Reportedly Taylor Signs With Saints

NEW ORLEANS (AP) — A New Orleans sportscaster says Jimmy Taylor has signed a contract for \$100,000 to play with the New Orleans Saints of the National Football League.

Neither Taylor nor officials of the Saints could be reached for comment on the report by Hap Glaudi of WWL-TV Monday night.

Taylor, 31, a star at Louisiana State University in 1957, has played his entire professional career with the Green Bay Packers.

Taylor became a free agent Monday when the Packers refused to meet his salary demands. However, according to a source here, he cannot officially talk to any other NFL club until official notification is received of his free-agent status.

Glaudi said Taylor's signing would be announced in three or four days after approval is given by NFL Commissioner Pete Rozelle.

There remains one formality — the Packers have to release Taylor and the talk here has it that Green Bay's Vince Lombardi plans to ask for a big chunk of dough for the release.

New Orleans got Paul Hornung in the veterans draft from the Packers and obtained Gary Cuozzo as quarterback in a trade with the Baltimore Colts.

Cuozzo, the Saints could have been doing some sharp trading to get some topnotch linemen and drafted a number of good prospects.

With Taylor, Hornung and Cuozzo, the Saints could have sellouts for their home games this season.

## O'Dell Hurls Pirates Over Cardinals

By MURRAY CHASS  
Associated Press Sports Writer

The Pittsburgh Pirates looked everywhere for a pitcher this past winter — except in the hospital.

That's where Billy O'Dell was, and the Pirates weren't expecting him to be of much help in stabilizing the shaky pitching corps that threatened to prevent them from winning the National League pennant.

The Pirates, however, are beginning to realize how good O'Dell looks now that he's forsaken the hospital circuit for the pitching rotation.

The veteran left-hander made a strong bid for a permanent spot in that rotation Monday night as he won his second game of the young season in Pittsburgh's fifth straight victory — an 8-5 decision over the St. Louis Cardinals.

O'Dell, now 34 and in his 13th major league season, almost was certain that the 12th season would be his last. But that was before doctors discovered he had Addison's disease.

"I had been sick since the first part of last season," O'Dell related after holding the Cardinals to four hits before needing relief help in the eighth inning. "I was losing weight, I was nauseous, I couldn't eat or sleep and I was dizzy and weak."

"I started going to doctors, but no one knew what was wrong with me. I went to a lot of hospitals for tests, but they didn't help either. Finally this past February the doctors found out what it was."

Addison's disease, far from being a common illness, affects the adrenal glands and causes a loss of salt in the body.

"Now I'm on medication," said O'Dell, who reported to spring training nearly a month late, then stayed behind for an extra two weeks when the Pirates headed north. "I can't do without it. As long as I'm on it, I'm fine."

"I feel good and strong now. I don't feel any effects of it anymore. I was anxious to go as long as I could tonight. I wanted to see if I could get tired."

The southpaw said he didn't get tired, but he did get a little wild, and Manager Harry Walker removed him in the eighth after he issued his sixth and seventh walks.

In the only other games played, Baltimore edged Cleveland 8-7 and Boston blanked California 4-0. Rain washed out New York at Minnesota.

O'Dell's first victory this season came in relief when he set down Philadelphia one hit for 1-3 innings. That performance earned him Monday night's

He was amply supported by Manny Mota, who had two hits and drove in three runs, and Roberto Clemente, who collected three hits and knocked in two runs. O'Dell let in just one run, but the two men he walked in the eighth also scored.

Cleveland jumped off to a 5-0 lead against Baltimore in the first inning, but the Orioles fought back and were down 7-5 going into the eighth.

After Dave Johnson and Paul Blair singled, Russ Snyder came in to bat for Andy Etchebarren, and Bob Allen came in to pitch for the Indians. Woody Held then went up for Snyder and hit Allen's first pitch for a three-run homer.

Dennis Bennett hit a three-run homer against California, and that was all he needed to make his six-hit shutout pitching stand up. Bennett's complete game was the sixth in 15 games for Boston this year.

Monday's Stars  
By THE ASSOCIATED PRESS  
BATTING — Woody Held, Baltimore, hit a three-run homer in the eighth inning that vaulted the Orioles past Cleveland 8-7.

PITCHING — Dennis Bennett, Boston, pitched a six-hitter in the Red Sox' 4-0 triumph over California.

## Attorneys for Clay Still Trying

HOUSTON (AP) — Cassius Clay's lawyers prepared new injunctive tactics today in their fight to see the former world heavyweight champion spared jail and a stiff fine for refusing to answer the draft board's call.

A federal judge in Houston Monday dismissed a suit in which the fighter, also known as pacifist Black Muslim minister Muhammad Ali, sought exemption from federal prosecution for balking Friday when the Army ordered him to take the symbolic one step forward and join its ranks.

U. S. Dist. Judge Woodrow Seals said the suit was the same as that dismissed last week by U. S. Dist. Judge Allen B. Hannay of Houston. The fat brief, cataloging a diversity of complaints, contends that war contradicts Muhammad Ali's religious faith and that Negroes have not been granted proportionate representation on Selective Service boards.

Hannay said in rejecting the suit last Thursday that Clay had not exhausted all administrative remedies. When lawyers Hayden Covington of New York and Quinnan Hodges of Houston refiled the suit Saturday, they claimed that the ex-champion's refusal to take the oath closed that avenue.

Seals said Clay's refusal to step forward was not significant in the eyes of the court and that the boxer's lawyers could seek to have an indictment dismissed, when it comes. U. S. Atty. Morton Suman of Houston indicated last week that criminal action would be at least a month away.

Covington said the next step will be to seek injunctive relief from U. S. Circuit Judge John R. Brown. If he refuses to enjoin the government against prosecuting Clay, Covington said, then Seals' ruling will be appealed to the 5th U.S. Circuit Court of Appeals in New Orleans, of which Brown is a current member.

## Yancy Has Kept on Improving

By PAUL RECER  
Associated Press Sports Writer  
SAN ANTONIO, Tex. (AP) — Bert Yancy picked up his first golf club at the age of six and was winning national amateur tournaments by the time he was 13. But it took a nervous breakdown to make him turn pro.

The 28-year-old, who plays out of Philadelphia, but calls Tallahassee, Fla., home, was only three months from a West Point degree and a career in the Army when his illness came.

"I went into a state of religious fanaticism," he declared. There followed nine months of hospitalization before the Army gave him a medical discharge, but it wasn't over.

"I know now that I wasn't well when they released me from the hospital," Yancy said.

He went to a golf club run by his brother in Tallahassee. "I'd work from five to about noon, mowing and stuff, and then practice," he recalled.

And one day, suddenly, he realized he was well. "I knew then I had done some pretty funny things in the past. Apparently, I came out of it just as fast as I went into it. I don't know why it happened in the first place. I was lucky I got out of it. With some people, it lasts a lifetime."

In 1962, using money he had saved, Yancy went on the PGA tour for the first time. He played 10 tournaments and never finished in the money. Soon, his savings were gone.

He went back to college for one year and in 1963, took a job with the Green Valley Country Club in Philadelphia. It was a big turning point in both his career and his personal life.

In Philadelphia he met his wife, Linda. And he won the state open tournament, attracting some backers who provided the money to launch his pro career in earnest.

"They backed me for 12 tournaments with \$500 apiece," he said. "They had an option to renew for up to six years at no additional cost. They've taken the whole option and have never had to put up any more money. I didn't realize at first how bad the contract was."

On the tour in 1964, Yancy won \$11,854. He nearly doubled that figure the following year and almost doubled it again in 1966.

## STICK-IN-THE-MUD: REPRIS

## Champ, Mo. in Bid for Olympics

ST. LOUIS (AP) — Champ, Mo., is a town of 50 residents near St. Louis. There are 12 eligible voters, all men, and about 1,200 persons employed in its factories.

If you want to mail a letter to the chairman of the Village Board, address it in care of nearby Hazelwood, Mo. Champ doesn't have a post office.

What Champ has is the approval of the U.S. Olympic Committee to bid for the 1971 Pan American Games. The village was announced as the U.S. candidate Monday.

The village proposes to build a sports complex about eight times larger than Houston's Astrodome. The structure would contain a 1 1/2-mile flat track.

Other sports events would be held in the 100-acre infield. The track would support a pari-mutuel betting operation that would in turn support the entire sports complex.

The plan sounds ambitious for any city, but maybe not for Champ. The village was incorporated in 1959 and voters later approved a \$12.5 million bond issue for construction of industrial facilities.

There are about 1,200 workers now employed at factories which produce metal cans and macaroni. Another 2,000 persons are expected to be employed when an electric motor firm opens its doors in a few weeks.

A leader in Champ's drive has been Bill Bangert, a former national shot put champion.

Bangert said he conceived the idea of an amateur athletes' haven in suburban St. Louis in the early 1950s.

The key to the plan for Champ is the pari-mutuel betting. There are several bills pending in the state legislature to legalize the betting, but the idea has gotten a cool reception from some officials.

The sports complex would cost an estimated \$200 million, Bangert said.

"If the pari-mutuel betting plan is not approved, we won't be able to build the arena," Bangert said.

## Ford Mirage Scores Again

FRANCORCHAMPS, Belgium (AP) — A Ford Mirage prototype, driven by American Richard Thompson and Jacky Ickx of Belgium, has scored an overwhelming victory in the 1,000-kilometer auto race over the Francorchamps course.

Thompson and Ickx lapped the field Monday in covering the 71 laps of the 621-mile journey over the 8.7 miles course. They were timed in 5 hours, 9 minutes, 46.5 seconds for an average speed of 120.5 miles per hour.

## Hopeful for Good Weather at Houston

HOUSTON (AP) — The sponsors of the Champions International Golf Tournament counted on fair weather today, despite a gully washer that dampened practice rounds Monday.

Late Monday, the girls at the registration desk said they had supplied credentials to some 50 golfers, or about half of the field.

Jack Nicklaus was supposed to be on hand for practice today, and Arnold Palmer and Julius Boros were to jet in today from the Bahamas.

Many of the international entrants were ranging over the Champions course Monday. They included Ramon Sota of Spain, Cobie LaGrange of South Africa, Jean Caralde of France and Roberto de Vicenzo of Argentina.

The rains hit at late afternoon, inundating the course, but Bob Rule of the sponsoring Houston Golf Association said the Weather Bureau's forecast dry skies for today's practice rounds.

cost an estimated \$200 million, Bangert said.

"If the pari-mutuel betting plan is not approved, we won't be able to build the arena," Bangert said.

## Stage Set for Saturday's Ky. Derby

By ED SCHUYLER JR.  
Associated Press Sports Writer  
LOUISVILLE, Ky. (AP) — Things were pretty well set today as far as most of the prominently mentioned candidates for Saturday's Kentucky Derby were concerned.

That is, as set as anything can be in a sport such as thoroughbred racing.

One area of uncertainty remaining for some of the eligibles for the 93rd running of the Derby was that of jockeys. Patrice Jacobs' reason to Hall and Darby Dan Farm's Proud Clarion were two mounts without definite riders.

The big decision for at least three Derby eligibles was today in the one-mile, \$15,000 Derby Trial at Churchill Downs. Nine were entered.

Foremost among these was the Canadian-bred and owned Cool Reception of Mrs. William Seitz and Mrs. Vincent Reid.

"As far as I'm concerned," trainer Lou Cavalieri said Monday, "he's got to win and win handily. If he doesn't, he doesn't belong in with Damascus and Ruken."

Cool Reception worked three furlongs over a muddy strip in 36 4-5 seconds Monday.

Trainer and part owner Hal Steele Jr. wasn't so definite about Barbs Delight's chances for going in the Derby.

"I wish the track would be fast so we could get some kind of a line on him," he added.

John Devine, trainer of Freeman Keyes' Lightning Orphan, also was hoping for a fast track and said the colt likely would go in the Derby if "he just runs good and looks good in it (the Trial)."

Cool Reception, Lightning Orphan and Millard and Mrs. Elbert Sutcliff's Glangery were assigned high weight of 122 pounds. Walter Blum was up on Cool Reception and Willie Shoemaker on Glangery. Lightning Orphan's rider wasn't listed with the entry.

The others were Second Encounter, 116, Kenny Knapp; Sleepy Pat, 114, Mitchell Shirota, Castle Rullah, 116, Jimmy Nichols; Barbs Delight, 116, no boy; Magic Bud, 116, P. Rubicco, and Betemight, 116, Hank Moreno.

All six were doubtful Derby entries, but a top effort could change the plans of their trainers and owners.

Several definite Derby starters, including Mrs. Edith W. Bancroft's Damascus, the 7-5 favorite, and Wheatley Stable's Successor, the 1966 2-year-old champion, galloped Monday and were set for more serious workouts with Damascus slated to go one mile.

# Guerin Bows Out as a Cage Player

NEW YORK (AP) — Richie Guerin, the St. Louis Hawks' canny floor boss, has bowed out as a player again and Al Bianchi of Seattle's new National Basketball Association franchise is making it permanent the second time around.

Seattle Coach Bianchi pulled one of the big surprises at Monday's NBA expansion draft by selecting Guerin despite the Hawks coach's announced retirement.

Guerin doubtless will continue to coach St. Louis but, should he change his mind about playing — as he did last fall after retiring — he'll have to play for Seattle.

"Now I know he isn't going to play," Bianchi said at the draft session, where Seattle and San Diego — the two NBA newcomers — each picked 15 players from the 10 established clubs as part of their \$1,750,000 entry fee. "I don't want to have to worry about his coming back in the middle of the season. After all, they are in our division."

Bianchi was Johnny Kerr's assistant coach at Chicago last spring when Guerin stepped down as a player before the fledgling Chicago Bulls made their selections in the expansion draft. The Bulls passed him up while St. Louis was able to protect an extra player.

Guerin then switched signals, returned to the active list and led the Hawks to a second-place finish in the league's Western Division.

Jack McMahon, the San Diego pilot, was pleased to land forward Jon McGlocklin, who played for him last season at Cincinnati, in Monday's draft session.

# Canadiens Face Loss of Trophy

TORONTO (AP) — The Montreal Canadiens, facing the loss of hockey's most coveted trophy, the Stanley Cup, may call on veteran goalie Gump Worsley tonight in an attempt to stop the ambitious Toronto Maple Leafs.

Worsley looked sharp after replacing rookie Rogatien Vachon in the third period of Saturday's game, won by the Leafs 4-1. The victory gave Toronto a 3-2 lead in the best-of-7 series. Montreal captured the National Hockey League's post-season title the past two years.

Toe Blake, the Canadiens' coach, said he would not decide on his starting goaltender until game time. Worsley, sidelined most of the season with leg injuries, starred in the final Cup series against Detroit last year. "Vachon, Worsley, it doesn't make any difference," said Punch Imlach, Toronto's general manager-coach. "We'll wind it up here. We don't even have transportation booked for a return trip to Montreal. We haven't even tried."

The seventh game, if necessary, will be played in the Montreal Forum where the Leafs have beaten the Canadiens twice in the current series.

# News Ban Action Gets Some Praise

WASHINGTON (AP) — A new Defense Department ban on withholding news stories from military publications has won praise from Congress' chief opponent of news management.

Chairman John E. Moss, D-Calif., of the House Foreign Operations and Government Information subcommittee, lauded the policy, calling it "a positive action to help deter the non-sensical military meddling with the free flow of information" to the public and servicemen.

Secretary of Defense Robert S. McNamara issued the ban against tampering Monday, saying "news management and meddling with the news will not be tolerated, either in external information or internal troop information."

In a memorandum to the services and defense agencies, McNamara said the only exception was information affecting the national security. The directive was said to represent no change in external information policy.

"The calculated withholding of unfavorable news stories and wire service reports from troop information publications such as Stars and Stripes, or the censorship of news stories or broadcasts over such outlets as Armed Forces Radio and Television Service, is prohibited," McNamara specified.

Pentagon spokesmen said the ban was prompted by a censoring incident last March involving Stars and Stripes. The incident led to reassignment of an Army colonel who initially refused to halt publication of a story reporting the arrest of the son of the U.S. ambassador to West Germany.

## Prisoner Walks Off

CUMMINS PRISON FARM, Ark. (AP) — William Lee McCullough, 34, convicted of burglary and grand larceny and sentenced to five years in prison in 1965, apparently walked off a work detail here Monday afternoon.

McCullough, who was sentenced in Mississippi County, is believed to be unarmed and on foot, a Cummins Prison Farm spokesman said.

# Search on for Missing Plane in Mena Area

MENA, Ark. (AP) — The Arkansas Wing of the Civil Air Patrol moved its search headquarters from Hot Springs to Mena Monday as the hunt for a missing Army T-41 aircraft continued.

Bad weather kept CAP search planes on the ground until noon, but 10 planes flew 34 sorties later in the day. Five CAP ground rescue teams, Army ground crews from Ft. Chaffee and Army planes and helicopters also participated in the search, which was concentrated on the area from Arkadelphia to Hot Springs to Mena to Fayetteville to Waldron.

The plane was piloted by Maj. D. F. Denton, who was on the way to visit an uncle, H. E. Denton of Manning. With him was Maj. L. S. Wiese, who was to get off at Mena to visit relatives.

Both men are attached to the Command and General Staff College at Ft. Leavenworth, Kan.

# Ships From 9 Nations Visit Cuba

MIAMI, Fla. (AP) — Ships from only nine non-Communist nations continue to visit Cuban ports, an exile organization said today in its annual report.

Revolutionary Unity, which has kept records on such shipping since 1963, said five of them—Great Britain, Greece, Cyprus, Lebanon and Italy—accounted for 90.9 per cent of the 1966 shipping. The other countries were listed as Finland, France, Malta and Monaco.

"Netherlands, Israel, Kuwait, Morocco and Haiti have withdrawn from the maritime fifth column," the anti-Castro organization reported.

British ships, numbering 98, led the list of 209 visiting Cuba in 1966, the report said. The over-all total was reported having dwindled from 358 in 1963, 341 in 1964, and 260 in 1965.

# State Schools Remain on Censure List

CLEVELAND (AP) — Three Arkansas educational institutions apparently will remain on the censure list of the American Association of University Professors for another year.

The AAUP took no action to remove the University of Arkansas, State College of Arkansas and the College of the Ozarks from the list during its weekend meeting here.

State College, formerly Arkansas State Teachers College, has been under censure since 1963, and the university and College of the Ozarks since 1964.

Censure of the two colleges resulted from the dismissals of professors and that of the university from the refusal of a faculty member to comply with a state law requiring college professors to sign affidavits listing the organizations to which they belonged.

The so-called "loyalty oath" act later was declared unconstitutional by the U.S. Supreme Court.

Censure carries no official sanctions, but is intended to keep AAUP members from joining the faculties of censored schools.

# Troops for Vietnam Promised

By H.P. HONG  
SEOUL, South Korea (AP) — President Chung Hee Park today ended his campaign for reelection with a strong denial of opposition charges that he plans to send 50,000 more troops to Vietnam if he is returned to office.

The front-running challenger, former President Yun Po-sun, wound up his campaign with a renewal of charges that Park's Democratic Republican party is using "an astronomical sum" of illegal election funds to buy votes.

The election is Wednesday with nearly 14 million South Koreans eligible to vote.

Park told a news conference he knows of no plans to boost Korean troop strength in Vietnam, nor is there a request from the Saigon government for more.

# Check a Child Plan to Aid Shoppers

NEW YORK (AP) — Mothers who want to go shopping soon will be able to check their youngsters in much the same way they would park their cars or check their coats.

A new facility, called the "Check-a-Child Playground," will be opened by the Parks Department in June to enable mothers to shop in the area knowing their children are in good hands.

Parks Commissioner August Heckscher said Monday the facility would operate much like any other checkroom, with Parks Department employees taking care of the children.

The cost will be 25 cents for the first three hours and \$1 an hour for each additional hour or part. The playground will be in Union Square Park, near 14th Street.

Any youngsters not claimed by the end of the day will be taken to a police station.

DEATH SENTENCE imposed on him by a military court in the Congo doesn't seem to bother former Congolese President Moise Tshombe, relaxing in a hotel in Spain, where he is living in exile. His countrymen charged him with high treason, subversive propaganda, inciting rebellion and recruiting foreign mercenaries for use against the Congo.

# Four Found Dead in a Stalled Car

PINE RIDGE, S.D. (AP) — A snowplow operator opening a road clogged by a blizzard discovered late Monday a stalled car with the four occupants dead.

The apparent victims of carbon monoxide were identified as David Running Shield, 24, the driver, and his sister, Freda Running Shield, 19, both of Batesland, S.D.; Norman Fire-

# Four Found Dead in a Stalled Car

PINE RIDGE, S.D. (AP) — A snowplow operator opening a road clogged by a blizzard discovered late Monday a stalled car with the four occupants dead.

The apparent victims of carbon monoxide were identified as David Running Shield, 24, the driver, and his sister, Freda Running Shield, 19, both of Batesland, S.D.; Norman Fire-

place, about 27, also of Batesland, and Sharon Gibbons, 20, Porcupine, S.D.

The car was found about five miles south of Porcupine, located on the Pine Ridge Indian Reservation in extreme southwestern South Dakota.

Lewis White, a reservation investigator here, said the car apparently slid off a reservation road Sunday afternoon, when a blizzard lashed the area. About a foot of snow fell in the region.

The vehicle had about a half-tank of gas. White said the ignition was on but the engine apparently had become wet and stopped. The occupants had blankets and the car windows were closed.

Win at Bridge Double Squeeze Tallies Game

By Oswald & James Jacoby Newspaper Enterprise Assn.

Dick Walsh of Los Angeles played one of the finest hands we have ever seen in the final round of the Open Pairs in Seattle. West's double of Dick's one spade overall was the new-fangled negative double to show strength in the unbid suits but his double of four spades was for business. He opened his singleton club. East won with the ace, cashed his ace of spades and led the queen of clubs. Dick played low and if West had failed to trump in and lead a trump Dick would have had no further troubles but West did not co-operate. After this series of plays Dick had lost three tricks and was left with two small clubs

and only one trump in dummy to ruff them. Nevertheless Dick went ahead and made his contract by means of a double squeeze. He started by cashing his ace and king of hearts. Then he ruffed one of his low clubs with dummy's last trump. The nine of hearts was led from dummy and ruffed. If the queen of hearts had fallen on this lead Dick would have had a parking place for his last low club but this didn't really make any difference to him. He simply cashed his last two spades and discarded two diamonds from dummy. This left each one with only three cards. Dummy with the jack of hearts and ace-eight of diamonds, West with two diamonds and the queen of hearts, East with two clubs and a diamond, and Dick with king-small of clubs and the four of diamonds. East had been squeezed out of his diamond protection and, when Dick led his king of clubs, West had to hold the queen of hearts and was squeezed in turn. "Beautiful play," said East. "And to think that I could have broken it up by leading a diamond at trick three!"

## Milk Supplies Exhausted in Chicago

CHICAGO (AP) — A dispute between dairies and their drivers caused a rush of shoppers Monday that virtually exhausted supplies of fresh milk throughout the Chicago area.

A strike by the Chicago Milk Wagon Drivers Union against a single dairy resulted in a lockout of deliverymen and inside workers by about 50 dairies affiliated with two trade associations. The "strike one-strike all" agreement among the dealers halted deliveries to all retail outlets.

Retail stores reported depletion of milk and milk products Monday evening despite efforts of store operators to spread supplies by limiting purchases.

Deliveries to hospitals continued under special arrangements but not to most schools, stores, restaurants, hotels or homes.

The lockout by the Associated Milk Dealers, Inc., and the Chicago Area Dairymen's Association was in retaliation for a strike called by the drivers' union against the Dean Foods Co., a major producer of dairy products.

Thomas J. Haggerty, secretary-treasurer of Local 753 of the drivers union, said the walkout was called because Dean eliminated 15 routes after the union's contract with the firm expired Sunday night.

There were conflicting reports concerning effectiveness of the lockout.

Haggerty claimed about 1,000 of 5,000 drivers in his union were making deliveries from many small dairies which are not affiliated with either of the two trade associations.

The union official predicted a number of separate contracts would be signed with individual dairies that belong to the two associations but which are unwilling to go along with the lockout.

Morgan Murphy Jr., attorney for the Chicago Area Dairymen's Association, disputed Haggerty's claims. He said member dairies of the two associations are 100 per cent behind the lockout.

Officials of both associations

claimed their lockout reduced milk deliveries in the Chicago area as much as 95 per cent.

Cartage firms and their drivers continued their strike-lockout into a ninth day.

## Charges Two Appointments Political

LITTLE ROCK (AP) — The Arkansas Statesman, a newspaper published by former Gov. Orval Faubus, supported in its April issue a charge that the appointments of two top officials of the State Hospital were politically motivated.

Bill F. Troxell of Little Rock, a member of the hospital board, said Monday that the employment of Willis Ricketts as business manager of the hospital's Benton unit and of Ted Spurlock as assistant hospital administrator were political appointments made by the hospital superintendent, Dr. George Jackson.

In its regular column on job changes under the new Republican state administration, the Arkansas Statesman says Jackson asked for the resignation of Jim Phillips, the man Ricketts replaced.

"Phillips refused to resign," the paper says, "and Jackson then moved to dismiss him. The board, in a meeting, blocked the firing, and Jackson then declined to assign or permit Phillips as being on the payroll without performing any duties. Jackson also threatened to summon the press to the hospital and have them 'write up Phillips as being on the payroll without performing any duties.' Apparently as a compromise, Phillips was allowed to remain a few weeks, which together with his accrued leave time, permitted him to acquire sufficient service to qualify for the state retirement system by combining county and state service."

Ricketts was the 1962 Republican gubernatorial nominee, and Spurlock is a former Craighead County judge.

Troxell was appointed to the hospital board a week before Faubus left office last January. His appointment was one of 93 approved by the Senate Jan. 9 over the protest of Gov. Winthrop Rockefeller, the incoming Republican.

## To Open Bids on River Work

LITTLE ROCK (AP) — Army Engineers will open bids June 1 on an estimated \$355,000 construction job on the Arkansas River at Huffs Island north of Grady.

## The Negro Community

By Ester Hicks

THOUGHT FOR THE DAY  
How is it possible to expect mankind to take advice when they will not so much as take warning? — Swift said it.

The Keystone Lodge No. 43 will hold its regular meeting tonight, Tuesday at 7:30 p.m. All members are asked to be present and on time. Business of importance will be discussed. Mr. Willie Brandon, reporter.

DR. COTHRAN IS NAMED TO LOCAL MANAGEMENT CORP. (This story appeared in the April 29th edition of the Birmingham World) Atlanta, Ga.

Another educational leader with a long and impressive background has just been added to the Exclusive President's Advisory Board of Imperial Corp. of Atlanta.

Dr. Tilmon O. Cothran, head of the Sociology department and editor of Pylon since 1959, a former associate to E. O. Emmerich of the Equal Opportunity Atlanta program, has been appointed by President Herman E. Mason to join the select group of 14 others who will lend their close support to the IMC president in his conduct of the affairs of the two-year-old company which has nine subsidiaries over the state.

"It is with pride," said Mr. Mason, that we add the name of Dr. Cothran to our list of exclusive advisors. "He is a man of great talents, and experiences, and understanding, and it is people of his type that have helped us, and will help us through our early stages."

Born in Hope, Arkansas, Dr. Cothran has had a wide and varied career. He just recently resigned his post after 21 months as first assistant to E. O. Emmerich. Since 1959, he has been head of the Sociology department and editor of Pylon at Atlanta University.

He earned his AB degree from A.M.&N. College in Pine Bluff, Arkansas in 1939, then an MA degree from University of Indiana and a Ph.D. degree from University of Chicago.

He served as registrar and cashier at A.M.&N., also professor of Sociology and chairman Social Science department; professor and chairman Social Science department at Dillard University, New Orleans; was special lecturer in sociology at Tulane and University of Arkansas; spent six months in Japan and Korea as research analyst for the Army in 1951; was coordinator of the Ford Experimental program at A.M.&N. college; spent several months in Africa as group leader for 16 American students under auspices of Operation Crossroads Africa, visited Nigeria, Audan, Ethiopia, Kenya and Uganda; was appointed to the Georgia Advisory Committee of the U.S. civil rights commission November, 1964.

Dr. Cothran has held many other honors, including being listed in Who's Who in America, Who's Who in Education and Who's Who in the South.

## Increase in Airmail Rates in Effect

An increase in international surface and airmail rates will go into effect Monday, May 1, Postmaster Brannan announced today.

The new international rates, he said, will not apply to mailings for members of the Armed Forces overseas. Domestic postage rates are applicable to mail addressed through APO's and FPO's.

The rate increases for both surface and airmail—averaging 13 percent—were first proposed on January 14 and publicly confirmed on March 1. The Department explained at that time that they were needed to help offset a deficit of about \$16 million in international mail operations.

Specific information on the new international rates can be obtained from the service window at the post office, Postmaster Brannan said.

This was the first general increase in international rates since July, 1961.

The increases are:

1. Airmail letters to Central America and Caribbean area from 13c a half ounce to 15c.
2. Airmail to the rest of the Western Hemisphere remains 15c a half ounce, except for Canada and Mexico.
3. Airmail to Europe and Mediterranean Africa from 15c a half ounce to 20c.
4. Airmail letter rates to the rest of the world remain unchanged at 25c a half ounce.
5. Aerogrammes and air post cards increased 2c each from 11c to 13c.
6. Items sent by air, other than letters and parcels, such as small packages, books, periodicals and other printed matter increased 10c per piece to all countries except Canada.
7. Most letters going by surface transportation to all nations (excluding Canada and Mexico) increased from 11c to 13c. Post cards raised from 7c to 8c.
8. Most printed matter, including publications, increased one cent a piece. For 2nd class publications to Canada only, the one cent increase will be deferred for six months to become effective November 1, 1967.
9. Also, the present bundling rate which permits postage to be computed on the bulk weight of packages of publications addressed to Canadian post offices will remain in effect until November 1, 1968, at which time it will be discontinued.
10. Surface parcel post rates to all nations increased 20c a parcel, an average of 7 percent.
11. Postage rates for surface first class letters and air letters and surface 3rd class type printed matter to Canada and Mexico correspond to U.S. domestic rates, which are set by the Congress, and are not being changed at this time," Postmaster Brannan said.

Supplemental coupons and dual coupons will not be permitted, but the bonds may be converted to an issue bearing a lower rate or rates of interest, with any conversion to be in accordance with the Universal Bond Values Tables, upon such terms that the District receive no less and pay no more than it would receive and pay if the bonds were not converted.

The conversion shall be subject to the approval of the Board of Directors of the District and of the Commissioner of Education of the State of Arkansas. The bonds will be callable for payment prior to maturity in inverse numerical order at par and accrued interest as follows: from surplus proceeds of building fund taxes and from any funds available for the call of all or any part of the bonds of this issue in connection with the call or refunding of all or any

part of the bonds of the prior issues of the District (hereafter identified) on any interest paying date; from funds from any source on any interest paying date on and after June 1, 1971. In the event the District refunds or calls any bonds of the December 1, 1947 issue, the September 1, 1960 issue or the February 1, 1966 issue (called "prior issues") it shall call that proportionate amount of the bonds of this issue then outstanding that the total principal amount of the bonds of prior issues being called or refunded bears to the total principal amount of the bonds of prior issues outstanding immediately prior to such call or refunding provided, however, that if the refunding of any of the prior issues leaves the continuing annual tax pledged to said issue unchanged and pledged to the refunding issue, it shall not be necessary to all any bonds of this issue by reason of the refunding of said issue but thereafter references in this paragraph to prior issues shall be construed to include the refunding issue in lieu of the refunded issue.

No bid of less than par and accrued interest will be entertained, and the award, if made, will be to the bidder whose bid results in the lowest net interest cost to the District (determined by computing the aggregate interest cost at the rate bid and deducting therefrom any premium bid).

The assessed valuation of all taxable property within the school district for the year 1967, the last assessment of record, is \$10,283,375.

The bonds will be sold upon auction bids at 1:00 o'clock p.m., on the 17 day of May, 1967, in the office of the Superintendent of Schools. Each bidder will be required to file a certified or cashier's check in the amount of \$3,500 on a bank that is a member of the Federal Deposit Insurance Corporation, payable to the District, to be kept as liquidated damages if the bidder is awarded the sale of the bonds and fails to complete the purchase. Checks of unsuccessful bidders will be promptly returned and the District will not pay interest on good faith checks.

The District reserves the right to reject any and all bids. For further information address the undersigned, or Stephens, Inc., Little Rock, Arkansas.

TOURISTS IN KENTUCKY

FRANKFORT, Ky. (AP) — In the last decade, income from the tourist business in Kentucky has almost doubled. The governor's office reports visitors spent \$295 million in Kentucky last year.

The conversion shall be subject to the approval of the Board of Directors of the District and of the Commissioner of Education of the State of Arkansas. The bonds will be callable for payment prior to maturity in inverse numerical order at par and accrued interest as follows: from surplus proceeds of building fund taxes and from any funds available for the call of all or any part of the bonds of this issue in connection with the call or refunding of all or any

## LEGAL NOTICE

NOTICE OF SALE OF SCHOOL BONDS

Hope School District No. 1-A of Hempstead County, Arkansas hereby gives notice that it will sell on auction bids on the date specified below its proposed issue of \$175,000 Construction School Bonds dated May 1, 1967, bearing interest at the rate of 4.45 percent per annum, payable semiannually on June 1 and December 1 of each year, commencing December 1, 1967 and to mature on December 1 of each year as follows:

YEAR	AMOUNT
1971	\$ 6,000
1972	6,000
1973	6,000
1974	7,000
1975	7,000
1976	8,000
1977	9,000
1978	10,000
1979	11,000
1980	12,000
1981	13,000
1982	14,000
1983	15,000
1984	16,000
1985	17,000
1986	18,000

For the payment of the bonds, the District will pledge its full faith, credit and resources and all of its revenues from whatever source derived that may now or hereafter legally be pledged, except the millage annually voted for current operation and maintenance and the payment of indebtedness evidenced by other bond issues, but including surpluses from continuing tax levies heretofore voted and pledged to secure any other bond issue, including, but not limited to the seven (7) mills pledged to an issue of school bonds of the District dated September 1, 1950; the six (6) mills pledged to an issue of school bonds of the District dated December 1, 1947; and, beginning with the year 1971, the eight (8) mills pledged to an issue of school bonds of the District dated February 1, 1966, subject to a prior pledge of said surpluses in favor of an issue of Construction School Bonds of the District dated June 1, 1966, and further including that part of the State Apportionment going to the District's Operating Fund.

The purchaser may name the Trustee and Paying Agent. All expenses of the issue, including the printing and trusteering of the bonds and the fee of Smith, Williams, Friday & Bowen, Bond Counsel, Little Rock, Arkansas, upon whose approving opinion the bonds will be issued, will be paid by Stephens, Inc., Little Rock, Arkansas, the fiscal agent.

Supplemental coupons and dual coupons will not be permitted, but the bonds may be converted to an issue bearing a lower rate or rates of interest, with any conversion to be in accordance with the Universal Bond Values Tables, upon such terms that the District receive no less and pay no more than it would receive and pay if the bonds were not converted.

The conversion shall be subject to the approval of the Board of Directors of the District and of the Commissioner of Education of the State of Arkansas. The bonds will be callable for payment prior to maturity in inverse numerical order at par and accrued interest as follows: from surplus proceeds of building fund taxes and from any funds available for the call of all or any part of the bonds of this issue in connection with the call or refunding of all or any

part of the bonds of the prior issues of the District (hereafter identified) on any interest paying date; from funds from any source on any interest paying date on and after June 1, 1971. In the event the District refunds or calls any bonds of the December 1, 1947 issue, the September 1, 1960 issue or the February 1, 1966 issue (called "prior issues") it shall call that proportionate amount of the bonds of this issue then outstanding that the total principal amount of the bonds of prior issues being called or refunded bears to the total principal amount of the bonds of prior issues outstanding immediately prior to such call or refunding provided, however, that if the refunding of any of the prior issues leaves the continuing annual tax pledged to said issue unchanged and pledged to the refunding issue, it shall not be necessary to all any bonds of this issue by reason of the refunding of said issue but thereafter references in this paragraph to prior issues shall be construed to include the refunding issue in lieu of the refunded issue.

No bid of less than par and accrued interest will be entertained, and the award, if made, will be to the bidder whose bid results in the lowest net interest cost to the District (determined by computing the aggregate interest cost at the rate bid and deducting therefrom any premium bid).

The assessed valuation of all taxable property within the school district for the year 1967, the last assessment of record, is \$10,283,375.

The bonds will be sold upon auction bids at 1:00 o'clock p.m., on the 17 day of May, 1967, in the office of the Superintendent of Schools. Each bidder will be required to file a certified or cashier's check in the amount of \$3,500 on a bank that is a member of the Federal Deposit Insurance Corporation, payable to the District, to be kept as liquidated damages if the bidder is awarded the sale of the bonds and fails to complete the purchase. Checks of unsuccessful bidders will be promptly returned and the District will not pay interest on good faith checks.

The District reserves the right to reject any and all bids. For further information address the undersigned, or Stephens, Inc., Little Rock, Arkansas.

The assessed valuation of all taxable property within the school district for the year 1967, the last assessment of record, is \$10,283,375.

The bonds will be sold upon auction bids at 1:00 o'clock p.m., on the 17 day of May, 1967, in the office of the Superintendent of Schools. Each bidder will be required to file a certified or cashier's check in the amount of \$3,500 on a bank that is a member of the Federal Deposit Insurance Corporation, payable to the District, to be kept as liquidated damages if the bidder is awarded the sale of the bonds and fails to complete the purchase. Checks of unsuccessful bidders will be promptly returned and the District will not pay interest on good faith checks.

The District reserves the right to reject any and all bids. For further information address the undersigned, or Stephens, Inc., Little Rock, Arkansas.

Given this 20th day of April, 1967

RECORD PRICE FOR KARAKUL EWE

WINDHOEK, South West Africa (AP) — A farmer paid 1,310 rand (\$1,572) for a purebred Karakul ewe here, setting a new world record for Karakul breeding stock sold by auction.

The previous world record, also set in Windhoek, was 1,100 rand (\$1,320) paid in 1964.

The pelts of Karakul lambs are used for making Persian Lamb coats which retail up to 5,000 rand (\$7,000) each.

The 8-year-old ewe was bought by J.U. Badenhorst, who farms in neighboring South Africa.

## Drought in Florida Hurts Crops

By FRANK MURRAY  
MIAMI, Fla. (AP) — The drought browning Florida's green peninsula may hurt some Yankee purses, too, by boosting the cost of Florida fruits and vegetables.

Agricultural specialists said limes, oranges and grapefruit, root crops and pasture grasses have been affected.

The peninsula section of the state has been without rain for more than a month.

The Tampa area broke a record for dryness established in 1898. The Weather Bureau in Miami said measurements from key cities indicate the state received only 61 per cent of normal rainfall this year; none of it in January and February.

In Miami, the 180-million-gallons daily capacity water plant has been pushed to a daily demand of 171 million gallons. That has cut pressure in outlying areas, according to Garret Sloan, director of the Water Department.

Warren O. Johnson, head of the Federal-State Fruit Warning Service in Lakeland and an authority on crops, said "All central and south Florida is in a real drought."

"Oranges, mostly Valencia, are holding pretty good but some grapefruit is dropping off getting soft. Some trees in the flatlands, where roots are fairly shallow due to usually high water tables, are losing leaves and fruit."

Warren O. Johnson, head of the Federal-State Fruit Warning Service in Lakeland and an authority on crops, said "All central and south Florida is in a real drought."

Typewriter's 100th Birthday

It has come to our attention that the current year marks the 100th birthday of the first practical typewriter. The occasion of the first real workable typewriter in 1867 indeed was the beginning of a revolution in office procedure. Before the days of the typewriter, the pen was the instrument for writing. We can't imagine what it must have been like without the typewriter. Certainly stress must have been placed on penmanship. The typewriter has come a long way in 100 years. New gadgets, electricity and many other features have been incorporated with the standard keyboard.

It goes without saying that the typewriter is a rugged piece of machinery. A good machine has to endure high-speed typing, the frustration of the writer, impatience and pounding. So, this year, as you test your rugged machine with such phrases as NOW IS THE TIME . . . and A QUICK BROWN FOX . . . why not try something like HAPPY ANNIVERSARY, TYPEWRITER. — Savannah (G.) Evening Press.

### Progress

It's a wonderful age of electronic living, admittedly — with much of the drudgery removed; but not without its adversities and occasional soul-trying crises. For example, a neighbor reports that a fuse blew at his house the other morning. His alarm clock stopped, so he overslept. He couldn't make his toast, squeeze his orange juice, open a can of liquid breakfast, polish his shoes, or brush his teeth. — Nashville (Tenn.) Banner.

## Mrs. Jess Davis, Hope Teacher, Dies

Mrs. Jess M. Davis, member of a well-known Arkansas Baptist family and long-time Hope school teacher and musician, died at 5:30 this morning in a local hospital. She had entered the hospital a week ago.

She was the daughter of the late Dr. and Mrs. O. C. Wade. Dr. Wade was for many years a leading minister in the Southern Baptist Convention, holding the pulpit at Texarkana's Beech Street Baptist Church for 18 years, and in his final years serving as president of Old Central College, a Baptist institution at Conway. Upon his death Mrs. Wade moved to Hope to join Mrs. Davis, and died here.

Mrs. Davis is survived by a sister, Mrs. James Clayton of Conway, who arrived in Hope this morning.

The funeral service will be held at 3 o'clock Wednesday afternoon in First Baptist Church, the Rev. Gerald W. Trussell, pastor, officiating, with Dr. L. T. Lawrence, First Presbyterian pastor, assisting. Oakcrest Mortuary is in charge of arrangements. Burial will be in Memory Gardens, where her husband is buried.

Active pallbearers are: Henry Haynes, Tom Ed Hays, Jr., Paul H. Jones, George T. Frazier, Earl Downs, Paul O'Neal, Dr. Herbert Rogers, and Al Page. Mrs. Davis was born at Little Rock, lived as a little girl in El Paso when her father held a pastorate there, but grew up in Texarkana, being graduated from Texarkana (Ark.) High School.

She was graduated with A.B. from Ouachita Baptist University, majoring in education and music. She taught in the public schools of Texarkana, El Dorado, and Hope for many years, being the fourth grade teacher in Garland Elementary School here.

She was an accomplished organist, and for several years was church organist for First Baptist in Hope.

She married the late Jess M. Davis in Texarkana, when he was assistant advertising manager of the El Dorado Daily News & Evening Times. After a period in Austin, Texas, where Mr. Davis was on the advertising staff of the Austin American & Statesman, Mr. and Mrs. Davis moved to Hope in 1940 as Mr. Davis became advertising manager of The Star. He flew as a tail-gunner in the old B-17s in World War II, returned to his position with The Star, and died of a lingering illness in 1952.

## British Plan to Join Common Mkt.

LONDON (AP) — Prime Minister Harold Wilson's Cabinet decided formally today to apply for British membership in the six-nation European Common Market.

Informants who reported this said Wilson would announce the decision in the House of Commons later.

The decision emerged from a meeting of the Cabinet during which ministers were said to have gone over the terms of Wilson's statement. This is expected to list several issues on which Britain seeks to negotiate safeguards for its vital interests.

Wilson went to Buckingham Palace Monday night to inform Queen Elizabeth II of the agreement reached among his ministers — some with profound reservations, a majority with enthusiasm — to reopen the long and arduous campaign for entry into the six-nation European Economic Community.

No one was playing down the difficulties involved in negotiating entry or the economic hardships Britain would endure for a time in adjusting to unprotected competition from Europe.

Even if President Charles de Gaulle of France puts up no insurmountable barriers, as he did in 1963, haggling over conditions for British membership inevitably will be lengthy. The most optimistic Britons do not expect a successful conclusion before 1969.

Wilson was expected to make plain in his Commons statement that while Britain looks for no special favors, it will need time to fit in with EEC's trading rules. Aides said the prime minister intends also to stress that Britain's Commonwealth and other partners will need a period of transition to adjust to losing their commercial privileges in dealings with this country.

## Schoenfeld Joins Insurance Dept.

By THE ASSOCIATED PRESS  
LITTLE ROCK (AP) — Nathan L. Schoenfeld of Little Rock, who served two terms as state representative from Garland County, has joined the state Insurance Department as a legal consultant and auditor, Commissioner John Norman Harkey announced Monday.

The former Garland County prosecuting attorney also has served as attorney for the state Public Service Commission.

## Faubus Buys Into a Newspaper

HUNTSVILLE, Ark. (AP) — The Piggett Banner, a weekly newspaper owned by former Clay County Rep. Laud Payne, has been purchased by former Gov. Orval Faubus and two associates, Faubus announced Monday.

Faubus identified his associates as Harold Jinks, a native of Piggett who is special assistant to the regional director of the post office department, and Clifford Cole of Piggett, a former state representative.

Payne will continue to operate the paper for a month, Faubus said, although the change of ownership became effective Monday.

Faubus has owned the Madison County Record at Huntsville, his home town, for a number of years, and he bought the Advance Reporter at Waldron about two years ago. He also owns the Arkansas Statesman, a weekly with statewide circulation.

## Li. Gov. Under Doctor's Care

LITTLE ROCK (AP) — Lt. Gov. Maurice Britt, put to bed under a doctor's care Wednesday, is recovering from a mild case of pneumonia and probably will return to his office late this week, Britt's office reported Monday.

A twister dipped down in the Patmos area yesterday, clearing a path through trees for about 100 yards and completely destroying the home of Mr. and Mrs. T. R. Gibson. The Gibsons were in Hope at the time. There were no other reports of serious damage in the area. The pictures above show the damage.

## El Dorado Has a New Police Chief

EL DORADO, Ark. (AP) — Police Capt. R. E. (Bob) Pennington, 40, became the new chief of the El Dorado Police Department Monday night, replacing J. Garland Thomas, who resigned March 30 under fire.

Pennington's appointment was announced by the El Dorado Civil Service Commission, which had suspended Thomas pending an investigation of "rumors and accusations" concerning the department. Thomas was resigned on the day of his suspension, and the commission called off its investigation. Thomas had been with the department 23 years.

Lt. Hugh Andrews, 38, a veteran of 18 years on the force, was given a letter of commendation by the commission Monday night for his work as acting chief since Thomas' resignation.

## Bookkeeper Fatally Hurt

BATESVILLE, Ark. (AP) — Ira Thatcher, 73, a bookkeeper at a plumbing company near Batesville, was fatally injured Monday in an automobile accident at a Batesville intersection. Thatcher's wife, Pearl, 70, a passenger in the car driven by her husband, was reported in good condition at the Batesville hospital.

Batesville authorities said the Thatcher car collided with a car driven by Walter Reed, 22, of Batesville, who was not injured.

# Late Blizzard Triggers Tornadoes

By THE ASSOCIATED PRESS

A late-season blizzard that lashed the northern Plains and triggered tornadoes in the upper Mississippi Valley Monday, lost much of its punch today as it moved northward into Canada.

Behind it, the wintry storm left unseasonable cold, millions of dollars in property damage and 20 deaths. Sixteen deaths, 12 of them attributed to tornadoes, occurred in Minnesota. In South Dakota, a snowplow operator came upon a snow-trapped automobile containing the bodies of four persons Monday night, near the community of Porcupine.

The fierce May storm swept from Wyoming through the Dakotas and into parts of Minnesota and Nebraska, closing schools, snapping power and communication lines and blocking highway travel.

Tornadoes set off by the storm ravaged sections of Minnesota. Later other twisters developed in Illinois, Michigan, Louisiana, Texas, Mississippi and Arkansas. Except in Minnesota, however, the tornadoes did little damage.

Travel and communications in North Dakota and South Dakota were still crippled today as frigid weather gripped the area.

In Minnesota, state insurance counselors moved into tornado-stricken southern sections of the state to help residents determine damage suffered in Sunday night's death-dealing storms. There was no official estimate of the damage but it is expected to total many millions.

The retreating storm was blamed for drawing unseasonable cold into the nation's mid-section. Frost or freezing temperatures accompanied by cold winds moved down the Mississippi Valley and the plains.

Frosty weather also was reported as far south as New Mexico and Arizona.

There were thunderstorms from the eastern Great Lakes area to the central Gulf Coast, with some local rains heavy. Rain depths up to three inches in a six-hour period were reported in Mississippi and Alabama.

Louisiana State Police reported a tornado struck in the community of Kaplan, 80 miles southwest of Baton Rouge. Homes were said to be damaged and communication lines knocked down.

Elsewhere, warm, pleasant temperatures prevailed along the Atlantic Coast compared with cool readings on the West Coast.

## Revision in Insurance Directive

LITTLE ROCK (AP) — State Insurance Commissioner John Norman Harkey agreed Monday to revise a portion of his five-page directive policing companies writing life and annuity insurance in Arkansas.

Some 80 persons representing the companies contended at a three-hour meeting with Harkey that the directive, prepared April 6, was unreasonable and threatened the life of smaller companies.

It dealt with the wording in profit-sharing policies, coupon policies or policies with pure endowment benefits, misleading terms and statements, representations and illustrations.

John K. Shamburger of Little Rock, an attorney for a number of the companies, said some of the terms mentioned in the directive were proper unless used to misrepresent the policy to the public.

Harkey said in essence that he had issued the directive in order that persons buying life and annuity policies would know exactly what they had purchased. He said he would revise some — but not all — of the directive's wording.

Other spokesmen for the industry included representatives of the National Association of Life Companies, the American Life Convention, the Arkansas Life Convention and other domestic insurance companies.

WASHINGTON (AP) — The United States, in agreement with Britain and West Germany, announced today plans to withdraw up to 35,000 of its armed forces and four squadrons of combat planes from West Germany.

Johnson administration officials estimated the transfer of soldiers and Air Force personnel—along with thousands of dependents, to bases in the United States—would mean saving of around \$100 million in the next year.

Controversy marks the 1967 Pulitzer Prize selections as a rift in the voting is disclosed. California expects crop losses in the millions due to April rains and frost. Huge mountain snowbanks threaten to unleash floods on the state's farming heartland.

## No Gambling Says Police Director

LITTLE ROCK (AP) — If there is gambling going on in Arkansas the State Police Department doesn't know about it, State Police Director Herman Lindsey said Monday.

Illegal gambling operations pinpointed at Gov. Winthrop Rockefeller's request in February are no longer functioning according to the survey of the state's 75 counties, Lindsey said.

The prime factor in closing down the operations was the seizure of slot machines and other gaming equipment during raids in Hot Springs and Garland County by the department's Criminal Investigation Division, he said.

"That showed them we meant business," Lindsey declared. Marion Burton, the governor's executive secretary, said last week that he thought gambling had been shut down "almost everywhere except in Garland and Pulaski counties."

## New Member on Revision Board

LITTLE ROCK (AP) — Mrs. J. C. McFarlin of Little Rock, state president of the League of Women Voters, was appointed Monday to replace Mrs. Elsjane Trimble Roy on the Arkansas Constitutional Revision Study Commission.

Mrs. Roy, a former circuit judge, has resigned her current position as assistant attorney general to become law clerk to Federal District Court Judge Gordon E. Young and asked to be replaced on the commission. Chief Justice Carleton Harris of the Arkansas Supreme Court, who had named Mrs. Roy as one of his five appointments to the commission, appointed Mrs. McFarlin to replace her.

## Highway Clerk Is Replaced

LITTLE ROCK (AP) — Nathan R. Whitehead of Little Rock, the state Highway Department's assistant permit clerk, has been named to replace Eugene Walther of Little Rock, who resigned as chief permit supervisor, the department announced Monday.

## All Around Town

By The Star Staff

Hope Jaycees will meet tonight at 7:30 at the Red River Vocational Technical School.

Judy Owen, daughter of Mr. and Mrs. Ben Owen formerly of Hope, now of Camden, will play the role of Piblet in the beloved children's play, "House at Pooh Corner" at 8 p.m. Friday and Saturday in Overstreet Auditorium at Southern State College. Miss Owen, a 1964 graduate of Hope High School, is an elementary major at Southern State where she is a member of Phi Sigma Chi, local affiliate of the Association for Childhood Education.

According to statistics compiled by the Arkansas State Police there were 10 accidents investigated in Hempstead County during the past month, one resulting in a death. Lafayette County had five, Howard reported two and Nevada County five with no deaths resulting.

Fireman Apprentice Charles W. Beard, USN, son of Mr. and Mrs. Willie B. Beard of 1203 West Ave. D, Hope, is off the

U.S. Fliers report at least 12 MIG's destroyed or damaged in the North Vietnamese air force's worst day.

Republican senators face anew the question of what stands to take on the Vietnam war in the 1968 elections.

Controversy marks the 1967 Pulitzer Prize selections as a rift in the voting is disclosed.

California expects crop losses in the millions due to April rains and frost. Huge mountain snowbanks threaten to unleash floods on the state's farming heartland.

Mississippi Negroes hope to win offices for the first time this century in Sunflower County town elections.

The British Cabinet meets for the momentous decision to apply for membership in Europe's booming Common Market.

South Korea's two leading presidential candidates end their campaigns. The country votes Wednesday.

Congress again delays a threatened railroad strike and looks for presidential recommendations to end the dispute.

A new Defense Department ban on withholding news stories from military publications wins congressional praise.

## Fish to Be Theme of Meet Here

"Fish" will be the theme of the County Extension Homemakers Council meeting to be held Thursday, May 4, at the Experiment Station Hut. Paul Oller, Paul Oller Fish Farms, and Leroy Gray, Extension Fish and Wildlife Biologist, will be main program features of morning program.

Fish "from-the-water-to-the-table", including storage, nutritional value, and the cooking of fish, will be presented as the afternoon program by Mrs. Bonnie Smith, Home Service Counselor, Southwestern Electric Company, DeQueen, and Dolores McBride, Hempstead County Extension Home Economist.

The County Council President, Mrs. Verner McMurtrey, will share news from the State Board Meeting. Mrs. Walter White, an appropriate devotional, and Mrs. Ernest Graham, group singing. Registration will begin at 9:30 a.m. with Baker Extension Homemakers Club in charge. Program will begin at 10:00 a.m., a picnic lunch at noon and adjourn at 2:30 p.m.

Program Committee members planning meeting are Mrs. Ernest Ridgill, Mrs. Helen Light, Mrs. Cecil Smith and Mrs. Walter White.

Monday morning, the fighting started again against what Marine spokesmen called "a well-disciplined enemy force." At nightfall Marines dug in and the battle stopped until morning.

By 10:15 a.m., the Marines were heavily engaged again. Air support was hampered by rain and high winds.

By GEORGE ESPER

SAIGON (AP) — U.S. fighter-bombers inflicted the heaviest aircraft destruction of the war on North Vietnam Monday, destroying 11 Communist MIG-17 interceptors in the air and on the ground, the American command reported today.

As the North took another pounding in the intensified air war, heavy fighting flared across South Vietnam from the central highlands to the Mekong Delta. American infantrymen suffered their heaviest losses in the delta fighting, where 16 were killed and 40 wounded.

The ground forces were supported by fighter-bombers that attacked Communist positions in the South with a record 625 sorties Monday.

In a delayed report, the American command announced the loss of three U.S. Air Force F105 Thunderchiefs during raids over North Vietnam Sunday, including two shot down by MIG-21s and one from unknown causes. The four crewmen were listed as missing. This brought to 528 the number of American planes reported lost over North Vietnam, including 15 shot down by MIGs.

Hanoi radio claimed the North Vietnamese air force shot down three U.S. planes Monday while ground forces downed a fourth during the record day of MIG kills.

## U.S. Losses Heaviest in Delta Fight

By STEVE STIBBENS

DA NANG, Vietnam (AP) — U.S. Marines battled for two jungled hilltops in the northwestern corner of South Vietnam again today against an enemy force that a senior officer estimated to be a North Vietnamese regiment — perhaps 1,500 men.

So far, 96 U.S. Marines have been killed and 276 wounded in the fighting which opened last Tuesday near the Laotian border. The Marines reported they have killed 333 of the enemy.

The battle for Hills 881 and 861 began when a 240-man Marine company stumbled into a North Vietnamese force of about the same size. Wednesday, two Marine companies were caught in a blistering mortar barrage as they tried to move up a slope. Three more Marine companies joined the fight before nightfall and then Hill 861 fell silent. More Marine reinforcements moved in.

Thursday, a 1,500-man Marine battalion was withdrawn from the battle. One battalion remained to search for enemy bunkers. There was no trace of the North Vietnamese, nor their machine guns, mortars and recoilless rifles.

On Friday, the one Marine battalion walked to the top of Hill 861 and declared the objective taken.

The enemy had pulled out — but not far.

Another battalion began to sweep Saturday up Hill 881 to the northwest. Just before noon, it was pinned down by heavy machine-gun fire. Marine aircraft and mortars silenced the enemy guns and the battalion dug in for the night.

On Sunday, two Marine companies were sent up the hill while two battalions swung around one end to attack along a ridge line on the southwest side.

By noon, all the Marine units were caught up in bloody fighting. The enemy held his ground, fighting from bunkers. The action ended at dark with 49 Marines killed and 156 wounded.

Monday morning, the fighting started again against what Marine spokesmen called "a well-disciplined enemy force." At nightfall Marines dug in and the battle stopped until morning.

By 10:15 a.m., the Marines were heavily engaged again. Air support was hampered by rain and high winds.
